CONTINUOUS IMPROVEMENT OF TEACHING AND LEARNING QUALITY WEBINARS

TITLE/ TYTUŁ: **Media Literacy: Identifying the Language of Bias**

18/06 /2020

DESCRIPTION/ OPIS:

In the era of fake news and false information, educators are aware of the importance of building students' ability to identify bias and misinformation. Unfortunately, few of us have time to devote entire class periods to media literacy. By raising student awareness of the ways that common vocabulary terms can be used to persuade and influence, we can help our students become more savvy consumers of media. In this presentation, teachers for all age groups will be introduced to short critical thinking activities that can be incorporated into writing and vocabulary lessons.
