TITLE/ TYTUŁ: Grading vs. Ungrading

15 / 03 / 2021

During this pandemic period, many educators have raised questions about the purpose of education, including reflecting on core aspects such as instruction and assessment. In this webinar, we'll review some issues related to grading and the ethical questions raised by grading students during a pandemic. We'll discuss the Ungrading movement, a trend of questioning the value of letter grades, review the new book, Ungrading, edited by Susan D. Blum, and look at a few websites and resources by educators who are examining their grading practices. We'll talk about alternatives to traditional grading, such as Peter Elbow's contract grading, and participants will be encouraged to share their experiences with grading and experiments in ungrading.
